

Parking near Ilsley Public Library

During bridge construction parking can be a challenge. Use this map as a guide to finding a space.

If you plan on spending the day at Ilsley, please consider parking farther away. We'd really like lot #1 to be available for parents with strollers, elderly people and handicapped people. If you are able, we'd appreciate you choosing a different parking lot.

Please note there is a 3 hour limit in the lot immediately behind the library (#1). The other parking lots do not have time limits.
