How Did Germany's Weimar Democracy Become the Third Reich?

**Jack Mayer
 Thursday,
 November 9 at 10:30**

Defeated, humiliated, and in chaos, Germany after World War I was imperiled by leftist revolution and right-wing violence. In this talk, local author Jack Mayer recounts the origins of the Third Reich through the story of Ernst Werner Techow, a member of the para-military Free Corps and the murderous Organization C, who was recruited into a clandestine assassination network trying to bring down the fledgling Weimar democracy. Techow participated in the 1922 murder of Foreign Minister Walther Rathenau, the highest-ranking Jew in the Weimar Republic. But an offer of forgiveness while on trial for his life set him on a complex journey of redemption. To learn more about Jack's recent book, *Before the Court of Heaven*, visit his website: www.jackmayer.net. Sponsored by the Addison County Retired Educators Association.
